

Thank You Chairman Blanche Lincoln

From Arkansans on the Ground (and in the Air)

Arkansans and airline passengers everywhere can finally get a break thanks to Chairman Lincoln's strong stand against rampant oil speculation. The *Wall Street Transparency and Accountability Act of 2010* protects Americans from artificially higher prices for oil and gasoline caused by Wall Street speculators.

These reckless speculators drive up costs for critical Arkansas industries such as agriculture and manufacturing, as well as air travel. It's time for Wall Street to stop gambling at the public's expense.

Chairman Lincoln, your leadership provides hope to Arkansans.

**The members of the Coalition to Stop Oil Speculation Now
thank Chairman Lincoln for supporting the values of Main Street
over the interests of Wall Street—it's a win for us all.**
